COMIC CON 2016

COMIC CON 2016

SUPER POWERS OF ONE

YOUTH CITY

Comic Con Structure

LOCATION- Liberty Park

Each Area will be centered around specific Power Of One themes. Each Site Assistant will be in charge of their own area, whereas other staff will be assigned according to interest!

- Resiliency Store & Compassion Chamber - Fairmont Park
- Curiosity Lab- Ottinger Hall
- Justice League Training Camp- Central City
- Self Awareness Photo Booth- Liberty Park
- Creativity Gear Up Station- Unity

Invitations to Comic Con containing a Special Mission for the kids will be created and handed out before CityVille is over.

Comic Con Essentials-

- Map dictating all areas and activities
- Clearly Marked Signs for each area
- A raffle, making store entry completely random
- Professional Cosplayers willing to donate their time to take Photos with the Youth

Resiliency Store and Compassion Chamber

The Resiliency Store will be located in the main building at liberty park. Unlike past years, access to the store will not be granted until designated times (by Raffle). This will avoid any tantrums thrown over not getting “what I wanted” or “it’s not fair she got to it first!” Youth may purchase what is in the store at the time of their raffle drawing.

Youth will be able to purchase two items while in the store, and may choose to visit the Compassion Chamber, where they can donate one, or both, items to (a specific charity, TBD).

Youth May choose to visit the store again after all of the raffle groups have already gone in.

We are hoping that this will limit the time Youth will spend in line waiting for the store, and encourage them to visit the other booths.

There will be no movie happening while at comic con. Youth can make friends and play outside.

- This is a chance for the kids to show off their costumes for Comic Con. We want to make it fun for them.
 - They will each receive their picture so that they can remember their time at Comic Con.
 - We want to do the Polaroid pictures so that the kids get the old “cartoon” feel from their pictures.
 - Lauren will be operating the camera and running the photo booth with whoever else is assigned!

Creativity Gear Up Station

Who are you, really?

Here's your chance to create your
super alter ego.

What's your name?
What's your power?
What's your logo?

We want to know!

Things needed

- *Map- Taylor would love to get together with Lauren to create something super fun.*
- *Signs*
- *Any sort of home base decoration*

At least two more activities. Since we have covered all of the power of one, we can either expand on these? Or just go with other activities. I was thinking maybe bubble string? Call it the Personal bubble zone or something?
